## CSP2202A-OLT - Electrofishing Safety

Course Code	CSP2202A-OLT
Course Title	Electrofishing Safety
Description	<p><b>*This course can be used for crew member safety training. You can retake this course yearly for recertification purposes.*</b></p> <p>Increase knowledge of and skills in electrofishing safety that will result in reduced incidents and injuries to crew members while maintaining efficient job performance. For U.S. Fish &amp; Wildlife Service employees, the Service electrofishing safety policy (241 FW6) states that:</p> <ul style="list-style-type: none"><li>• 6.6 C. "All members of the electrofishing team must receive an electrofishing safety orientation at least once per season and prior to the start of electrofishing activities or when they join the team during the field season."</li><li>• This course is part of the electrofishing safety orientation that will be given to you by your team leader.</li></ul> <p><b>By the end of this session, the participant will be able to:</b></p> <ul style="list-style-type: none"><li>• Recognize and appreciate the risks inherent in electrofishing sampling</li><li>• Discuss the purpose and value of safety policy documents</li><li>• Operate equipment in a safer manner</li></ul>
Delivery Method	Online Self Study
Non-FWS Fee	\$0.00
Instructional Hours	2
Credits/CEUs	0.0
